Transnational Dispute Management (TDM, ISSN 1875-4120) is a comprehensive and innovative information service on the management of international disputes, with a focus on the rapidly evolving area of investment arbitration, but also in other significant areas of international investment (such as oil, gas, energy, infrastructure, mining, utilities etc). It deals both with formal adjudicatory procedures (mainly investment and commercial arbitration), but also mediation/ADR methods, negotiation and managerial ways to manage transnational disputes efficiently. See www.transnational-dispute-management.com for more information. You can apply for a free OGEMID trial membership and students can sign up for Young-OGEMID (which is free).

About YCAP

- to provide professional development opportunities and a forum for the exchange of ideas for young lawyers and other young professionals with an interest in international arbitration; and
- to provide professional networking opportunities for young lawyers and other young professionals with an interest in international arbitration.
