Multi-Jurisdictional Strategy in Commercial Arbitration

This panel will explore how parties and counsel can design and execute multi-jurisdictional strategies in commercial arbitration, where enforcement, interim measures, and parallel proceedings often cross borders. Speakers will discuss practical considerations in selecting arbitral seats, coordinating proceedings across different legal systems, and navigating conflicting procedural and substantive laws. Drawing on recent case examples, the panel will provide insights for practitioners facing the complexities of arbitration in a multi-jurisdictional environment.

About ICC YAAF

At ICC, we believe that through training and mentorship, we can shape the next generation of leading international arbitration and ADR experts. Through the ICC Young Arbitration and ADR Forum (YAAF) network, we are able to better inform, connect and inspire young professionals with interests in dispute resolution and dispute avoidance.

Throughout the world, ICC YAAF organises a number of educational and social events that allow young professionals to discover best practices, discuss topical issues, network and create meaningful connections with experienced practitioners. [Learn more about ICC YAAF](#) | [Join the network](#)
