About YCAP

YCAP was launched by a group of young Canadian arbitration practitioners in 2004. The mission of YCAP is as follows:

- to promote interest in and understanding of international arbitration, particularly in Canada, among young lawyers working in private practice and with corporations and government, as well as among other interested young professionals;
- to provide professional development opportunities and a forum for the exchange of ideas for young lawyers and other young professionals with an interest in international arbitration; and
- to provide professional networking opportunities for young lawyers and other young professionals with an interest in international arbitration.

About ICC YAAF

At ICC, we believe that through training and mentorship, we can shape the next generation of leading international arbitration and ADR experts. Through the ICC Young Arbitration and ADR Forum (YAAF) network, we are able to better inform, connect and inspire young professionals with interests in dispute resolution and dispute avoidance.

Throughout the world, ICC YAAF organises a number of educational and social events that allow young professionals to discover best practices, discuss topical issues, network and create meaningful connections with experienced practitioners. [Learn more about ICC YAAF](#) | [Join the network](#).
